Marquetry

Marquetry is the art of applying pieces of veneer to a structure to form decorative patterns, designs or pictures.

Marquetry pieces are made to order. Depending on the size and complexity the current lead time is about 2-1 weeks. Marquetry usually sold as unfinished items.

Please contact us for specific size and application of wood marquetry. Each piece is individually numbered and can be signed by the artist by request. Every piece is a one of a kind artistic creation with unparalleled attention to details.

Custom marquetry inlays can be created using customer provided photo or sketch. Our designer carefully select the various wood veneers for chosen palette. Carefully selected grains and hues create an impression of 3D art with shading and detail.

Please call for more info and technical support.
